

Membership Benefits

SAFEcontractor has teamed up with outside specialists to give you a wide range of benefits when you register.

Insurance Cover

The Insurance Scheme operates to provide liability insurance to members and accredited contractors at preferential rates. The premiums are discounted to reflect your risk management controls as shown through SAFEcontractor. The Scheme includes insurance for:

- Employer's liability
- Public liability
- Premises
- Contractor's All Risks

The Insurance Scheme will contact you prior to your insurance renewal date.

We suggest details of this Insurance Scheme are passed to the person within your organisation with responsibility for your insurances. Full details of the Scheme can be viewed at www.safecontractor.com.

Employment & Commercial Law Advice Line

Obtain free legal advice on any employment and commercial law issue, from dismissal to discrimination and contracts to confidentiality agreements. This will minimise the financial consequences of employment tribunals.

Abbey Legal – Employment & Commercial Helpline
Telephone: 0845 0742 795

Business Lift

Receive a regular electronic newsletter that gives advice and information on different aspects of business such as tax law, marketing, recruitment and other matters that can assist in running a successful business.

The majority of contractors see a genuine improvement in their Health & Safety arrangements as a result of the advice & support they receive throughout the process. Benefits include:

Health & Safety Helpline

A Health & Safety expert will provide practical advice and guidance on any health, safety or environmental issue, 24 hours a day. The helpline is subject to the 'Specification of Responseline', which is available upon request.

Telephone: 029 2085 9269

Safety Newsletter

Safety Express, published bi-monthly by ROSPA, will be sent directly to you by e-mail.

Electronic News Alerts

News alerts will be issued, via e-mail, on a regular basis, bringing you relevant news on Health & Safety issues as they break.

Multiple Audits

There is no restriction on the number of audits needed to achieve accreditation and no charge for additional audits. Support is provided by auditors to achieve accreditation.

Once your company achieves accreditation you will receive a range of valuable additional benefits:

Marketing Support

Use the *SAFEcontractor* certificate and approved logo to promote your company. This logo can be used on your company letterhead, website & any promotional materials as well as on your company vehicles. You can also, when accredited, advertise in the Yellow Pages under the *SAFEcontractor* banner at preferential rates.

Make the most of a direct link from your website to www.safecontractor.com

Less Form Filling

Use the *SAFEcontractor* certificate to demonstrate your Health & Safety standards, instead of completing numerous client specific Health & Safety questionnaires.
